

Who we are

Our team oversees Christian Education activities in the church, including nursery care, Sunday school classes, adult study classes, the puppet ministry, and a few special events.

We select curricula and basic supplies for the Sunday school classrooms and for the nursery.

We work with the pastor, moderator, and other teams to identify needs and concerns specific to Faith Formation at the Spring Hill United Church of Christ (Confirmation, youth group leaders and activities, additional teachers, scheduling, special events, etc).

Our team supports the goals and efforts of other teams and provides assistance when it is needed.

We value these events and activities as opportunities for our children and youth to learn about life, our faith, and the Bible. We also value these events and activities as opportunities for our children and youth to cultivate a sense of community.
